

## Pacific Sunrise Oz Adventure Sailing

The moment you step aboard Pacific Sunrise you will feel as though you have stepped back in time to a traditional boutique hotel where high levels of service, low guests numbers and an atmosphere of distinction are part of the norm.

Built by a master shipwright the atmosphere is further enhanced by the tropical layout and use of a variety of exotic timbers in the construction. The fully functional galley, licensed bar and dining room, with seating for all passengers, provides for meeting and socialising. While the various secluded balconies and deck levels enables guests to find their own private space, a feeling of solitude, to enjoy the view of the beautiful Whitsunday Islands.
