BY CAR Take the time to explore and discover as you make your way around The Kimberley and Broome by road. Whether it's getting there or getting around we recommend Avis and Budget car hire. See pages 23 and 24 for details or ask your travel agent about the great specials Avis and Budget have to offer.

Broome, Derby and Kununurra can be accessed by sealed road via the Great Northern Highway in Western Australia or the Victoria Highway linking with the Stuart Highway in the Northern Territory. The unsealed Gibb River Road links Derby and Kununurra.

A unique feature of travelling in the region are road trains. These can be up to 50 metres in length, so extra care should be taken when overtaking them.

Many stations in The Kimberley region are unfenced and it is not uncommon to encounter wandering stock and wildlife. Particular care should be taken when driving at dawn and dusk, and if possible, avoid driving at night. During the summer period (November to April), road closures due to flooding are common, particularly on unsealed roads.

Seasons

Summer (Nov to Apr): In summer the weather is hot and humid and the nights balmy. While it's known as the wet season, the rain usually falls in heavy, short downpours in the late afternoon and evenings. Some attractions may not be accessible due to road closures and local flooding.

Winter (May to Oct): Winter is the most popular time to visit with sunny days and cool nights with fresh breezes. This is the best time to experience all outdoor activities, with most roads and attractions open throughout the season.

Swimming

There are plenty of safe places to swim in the region, including Cable Beach. Salt and Freshwater crocodiles are found in estuaries, rivers and billabongs in the remote parts of The Kimberley, so always observe warning signs, but if you are not sure, do not swim. Marine stingers are most prevalent along the coastline from November to April.

Aboriginal Culture and Permits

Transit Permits to visit Indigenous communities are granted through the Aboriginal Lands Trust and are designed to help preserve Aboriginal heritage and culture. It is best to choose a tour where operators already have permission to enter the land.

Cruising Tips

With cruises ranging from five to 14 days, there's a cruise experience for everyone. In The Kimberley, small expedition-style ships provide access to remote locations, easily navigating the tidal rivers and rugged coastline. Whether you choose to cruise on a boutique ship with a small group of 14 or a larger vessel that accommodates a maximum of 72, the friendly and knowledgeable crew will make sure you experience all The Kimberley has to offer. Whether you opt for a cabin or a stateroom largely depends on your budget and the level of comfort and amenities you prefer. Staterooms generally have more space and are located on the upper deck. With a vessel and style to suit your needs and a spectacular coast to sail, you're spoilt for choice.

When is the best time to travel?

No matter when you visit The Kimberley coast you will be rewarded with stunning natural beauty, incredible rocky outcrops and amazing

flora and fauna. Cruises generally operate between March and October. The most popular time to travel is in the dry season – usually May through to September – when the temperature is pleasantly warm and there is little chance of rain. Earlier in the season, the waterfalls are generally more spectacular and the vegetation will be lush and green. If you love flora and fauna, then from July to September you'll be rewarded with displays of wildflowers of all colours, shapes and sizes. The weather during this time is sensational. If you're keen on fishing, the Barramundi are abundant during August and September.

Is Adventure Cruising for me?

For those with a sense of adventure, an expedition-style cruise is the perfect choice. Cruise in comfort and style and enjoy the on board facilities while you voyage along the rugged Kimberley coastline. Kimberley cruises are activity based and specifically designed for discerning adventurers. Excursions to shore,

exploring estuaries and fishing expeditions are by tender (small boat), however, there are always crew members on hand to assist guests. Once on land, the walks and hikes are more about being steady on your feet rather than endurance. Some ships have helicopters on board for a bird's eye view of the highest waterfalls. No matter what the day brings, there will always be an activity to suit you, even if that is just sitting on deck and taking in the amazing scenery with a cool drink in hand!

What's included in my cruise cost?

Included in your cruise cost is on board accommodation, all meals and day boat excursions. Other excursions, drinks, items of a personal nature, etc, are not included.

Need more information?

Our team of friendly travel experts are here to help with all your Kimberley cruising questions and can tailor-make a cruise experience just for you.

Cable Beach

It's easy to be captivated by the laidback seaside town of Broome, known as the southern gateway to The Kimberley region. Breathtaking beaches, a fascinating history as a pearling port and a laidback atmosphere are major drawcards.

No visit would be complete without spending some time on spectacular Cable Beach, 22 kilometres of pristine white sand lapped by the warm waters of the Indian Ocean. Witness a breathtaking Cable Beach sunset and take a camel ride along the beach - these are quintessential Broome experiences!

Broome's colourful pearling history has provided many of the town's attractions including the Japanese Cemetery and Chinatown, where pearl showrooms now line the streets. Catch a film at Sun Pictures, the oldest operating open air cinema in the world.

If you're lucky enough to be in town for the three days after the full moon from March to October each year, don't miss the Staircase to the Moon. This beautiful natural phenomenon is caused by the reflection of the rising full moon off the exposed mudflats.

Nearby Gantheaume Point is the place where turquoise waters meet striking red cliffs. Take a walk in 130 million year old dinosaur footprints at low tide or go on a four wheel drive adventure to remote Cape Leveque on the tip of the Dampier Peninsula. It's known for its Aboriginal heritage and dramatic coastal scenery.

Along the coastline is the Buccaneer Archipelago. For the adventurous, take a scenic flight over this stunning landscape and see the incredible range of colours the Buccaneer Archipelago has to show.
