The best kept secret of the South Pacific is Niue. Leave the hustle and bustle behind and discover the island charm of Niue with its warm and welcoming locals. Niue boasts one of the safest countries in the world.

The island is a raised atoll so there are plenty of underwater caverns, tiny swimming coves and colourful reefs to discover. Dive the crystal clear water and witness the vast array of marine life, including turtles, dolphins, fish and whales when in season. Swimming with whales and dolphins is another unique experience and one not to be missed while on Niue. If you are not brave enough to swim with them watch safely on dry land. The humpback whales shelter in the bays and coves around the island so there is no need to chase them, they practically come to you!

Walk through the beautiful rainforest and witness the abundant native birds and plant life. Spend the day hiking the rugged landscape to Togo Chasm. Take a picnic lunch to Limu and enjoy the day swimming and snorkelling the many pools. After a day of adventure, relax with a drink at a beachfront bar and take in the breathtaking scenery that surrounds you.
